

AS DOL AUDITS INCREASE, WE PROTECT OUR CLIENTS WITH ERISA-COMPLIANT PLAN DOCUMENTS

THE WLADIS COMPANIES, INC. USES PLAN DOC BUILDER TO CREATE EASY-TO-READ, ERISA-COMPLIANT PLAN DOCUMENTS AND SPDS FOR OUR CLIENTS, SUPPORTING A VITAL NEED AS DOL AUDITS ESCALATE.

Helping our clients survive an audit

All group health plans subject to ERISA must provide members with an easy-to-understand Summary Plan Description (SPD)

- The DOL has substantially increased the number of ERISA compliance audits. Three out of four plans the DOL audits have an ERISA violation.
- SPDs are often the main target of audits, and The Wladis Companies, Inc. along with Plan Doc Builder helps keep our employer groups compliant.

Ensure ADA and ERISA Compliance

All plan documents generated by Plan Doc Builder adhere to relevant compliance requirements, including ERISA, HIPAA and ACA.

The system is reviewed periodically by legal experts and plan documents are amended as needed.
